OUR SEMI-LINER SERVICES TICK THE RIGHT BOXES

- Reliable services, connecting key markets, including: Asia-ME-EU; Intra-Asia; Asia-USG/USEC
- Regular and scheduled sailings frequency
- Highly flexible & tailor-made port calls (POL & POD)
- Diverse mpp fleet that can safely load and transport any cargo type
- Trusted, market-leading & award-winning carrier

Our Tramp & Projects division operates a growing portfolio of monthly fixed-route SEMI-LINER SAILINGS. These unique services provide the assurance of regular monthly sailings on key trades and the convenience of highly flexible port calls (pod & pol) – calling at the ports you want.

‘These Semi-Liner operations are expertly managed by a multiple-award winning AAL team of shipping operations professionals, skilled marine engineers and technical experts. Their number one priority is the safety of your cargo and work 24/7 to ensure its safe, smooth and efficient handling and delivery.
