

SEMI-LINER SERVICES

Asia – North America – Europe

AAL's range of Semi-Liner Services complement our existing Liner trades, to offer customers a regular and seamless 'around-the-world' connectivity for their shipping requirements. These services combine the reassurance of regular fixed-route sailings on key global trades, with the convenience of highly flexible port calls. Our portfolio of Semi-Liner Services includes:

- Asia – North America – Europe
- Asia – Red Sea
- Europe – Middle East – Asia & Australia
- Intra-Asia

Deployed on these services are multiple classes of specialist MPV heavy lift vessels. They combine extreme heavy lift capability (700 t max) with leading intake capacity (40,000 cbm max) – able to accommodate heavy lift project cargo alongside smaller breakbulk parcels and dry bulk. These services are highly popular and expertly managed by a multiple award-winning team of shipping operations professionals, skilled marine engineers and technical experts. Their number one priority is the safe and efficient delivery of our customers' cargo and/or their projects.

Featured map and routes are not to scale. All further details are provided in good faith at time of printing, but are subject to change. Please check with your AAL Representative, or visit www.aalshipping.com, for all latest updates.
