powered by partnerships

With frequent sailings between the Americas, Africa, Europe, Middle East, Asia and Oceania, award-winning carrier AAL Shipping (AAL) is your number one resource for project heavy lift, breakbulk, steel, dry bulk and general cargo ocean transport solutions - no matter how big or small.

# 6 Reasons to Choose AAL

## Most Awarded MPP & HL Carrier

With a proud safety record and strong reputation in the sector for dependability and as being a trusted partner of industry majors, AAL has won 10 top international awards for its service quality:

*'Best Shipping Line Project Cargo'*  
(AFLAS Awards 2016 to 2021)

*'Shipping Line of the Year'*  
(Heavy Lift Awards 2019)

*'Best Logistics 2017'*  
(Lloyd's List Asia Pacific Awards)

*'Breakbulk Operator of the Year 2016'*  
(Global Freight Awards)

*'Excellence in Project Cargo 2016'*  
(Australia Shipping Awards)

## Around the World Coverage

AAL's fleet, trade route and cargo expertise and global network (with localised 24/7 customer support) was built to provide our customers with seamless multipurpose cargo shipping services and sailings regularly between the Americas, Africa, Europe, Middle East, Asia and Oceania.

With flexibility in mind, we offer access to these regions via a unique 'total' MPP solution of three complementary shipping services that can be combined as required:

- i. Tramp Chartering Solutions
- ii. Scheduled Liner Services
- iii. Fixed Trade Routes

## Diversified Fleet & Cargo Carried

Our operating fleet comprises heavy lift MPVs of multiple sizes (some with 40,000cbm cargo intake) and is one of the MPP sector's largest and youngest.

We 'carry it all' for our customers – any cargo and all at the same time - leading the 'mega-size' segment (30,000+ dwt), with optimum economies of scale on each sailing and for any parcel size.

## 24/7 Oversight & Management

Our global Chartering and Commercial Teams work locally with customers to schedule and plan each shipment and provide 24/7 key account management, multilingual support and transparency during the lifecycle of every cargo.

Our operations, processes and systems meet the latest ISO standards and we employ the finest personnel and real-time digital maritime software.

AAL's network is spread worldwide and supported by a network of top port and commercial agencies that offer additional local market intelligence and support.

## Sector's Finest Engineering

We employ a team of top Marine Engineers to work alongside our commercial, operations and customer service teams. They design, plan and execute even the most difficult operations, with numerous 'firsts' and award-winning multipurpose shipping solutions to their credit.

Their extensive expertise in handling all cargo types, combined with an unparalleled knowledge of our fleet's stowage and lifting capabilities, allows them to push boundaries and explore opportunities for time and cost efficiencies within the parameters of crew and cargo safety.

## Optimised Returns & Performance

AAL has a long history of outperforming the market, in terms of operational performance and financial results - even in tough and challenging times.

Each sailing is monitored closely by our Operations Teams. The real-time oversight, problem solving and project management processes that we carry out are essential to optimising our sailings' efficiency and customer returns.
